

Advance-Nilfisk Parts

Imagine how tedious it would really be to tidy up your own house after throwing a large party, without aid from cleaning machines. Back in the day, the time carpets and upholstery had the dirt beat out of them manually; brushes, brooms and cleaning cloths were the best cleaning materials of that time.

The man who established Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who liked to work on electrical motors. After starting his business in the year 1906, he began to make motors to drive coffee grinders, fans, machine tools and drills. Mr. Fisker's vision from the start was to own an international company selling merchandise internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning industry. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner which could be operated by a single person as it only weighed 17.5 kilos! This invention came in a time where various cleaning equipment were huge and required 4 or more operators, therefore, the Nilfisk C1 transformed everything and developed the method we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning equipment provide a brilliant solution to an existing problem; things get filthy and have to be cleaned frequently, without too much effort.

Gradually, the business Nilfisk-Advance expanded through the years. In the the early part of the 1980's the company expanded more rapidly when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the business, aiming to be an active worldwide player in manufacturing professional cleaning equipment. Nilfisk-Advance is currently represented in every part of the globe due to gradually obtaining a lot of small companies so as to grow their product portfolio and presence in new markets. They are really proud to present a range of cleaning solutions to suit each need.
