

## Axle Tech Parts

AxleTech International is a premier provider in the world of specialty vehicle drive-train systems and components together with off highway vehicles. The company prides itself on being its clients' preferred supplier. AxleTech strives to meet and exceed their customers' expectations for quality, service, technology and delivery. They believe in working in an atmosphere that encourages the highest integrity with empowered collaboration, along with a persistent pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively utilizing principals of ecological safety and stewardship in how they do business. The business has put different programs in place in order to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever comments or questions, as they are happy to share and promote this policy with a greater understanding of their efforts. They are very dedicated to improving and preserving the natural world. AxleTech has an EHS program which not only protects the natural world but which also actively protects their neighbors and workers also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles utilized for both commercial and military applications. These applications range from construction equipment to airport ground support. AxleTech specifically designs axles so as to meet specific application demands. They have over one thousand various axle specs within their existing offering. With more than one hundred years of history and skill, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The business is well known in many military and commercial applications. They offer complete axle assemblies used for aftermarket replacement needs, along with servicing axle needs for OE production. Their high mobility ISAS have added details which can be seen in the "ISAS" product selection.
