

Lull Telehandler Parts

Telehandlers by Lull have been supplying load placement precision since the year 1959. The Lull telehandler could help make the job faster and easier, whether the task requires transferring loads, positioning heavy steel or landing loads on scaffoldings. These units are available along with the patented Stabil-Trak stability system so as to ensure operator confidence.

The Lull horizontal load placement system supplies 80 inches of boom travel for precision placement capabilities. A wide range of optional attachments is available for Lull telehandlers to help do any job.
